

**YOUTH OF THE BODY OF CHRIST HISTORY PROJECT**  
**"Testimonies of Witness"**

June 2018

Dear Pastor,

If you have received this letter, one or more of the youth in your assembly may be asking your permission to participate the "Testimonies of Witness" project. The project is being shepherded under the covering of the campground elders and is part of the "Heritage House Museum" activities.

The youth interested in helping preserve the heritage of the Body of Christ are being asked to contact their pastor for guidance and permission to interview an elder(s) of their church. This will allow them to learn about the history of the Body of Christ; through the experiences of those they attend service alongside each week. The interviews would be preserved on video.

The genesis of this project began with a couple of young men interested in preserving the heritage of the Body of Christ, by interviewing those who have been walking in this way for generations. Upon interviewing Bro. Sturgeon there was a realization that interwoven with their personal testimonies, so many saints possess historical accounts of the Body of Christ. It became more evident two people could not effectively reach all of these living treasurers.

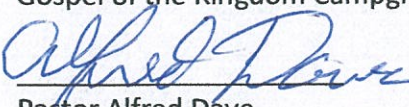

Involving the youth of the Body of Christ is not only more efficient, but exciting when we envision the spiritual impact it will produce in the youth. The youth involved in the first video production report a welling up of thankfulness for the Body of Christ. It has produced a greater respect and love for their elders.

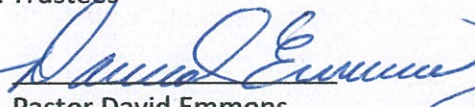

There is a hope that by participating in the project we can honor our elders, preserve the heritage of the Body of Christ, strengthen the vision of our young people and increase their love for the Body of Christ.

The youth granted permission by their pastor, have been provided a guidance outline on how to successfully accomplish this task. The youth have also been supplied suggested questions and a "steps to completion" guide.

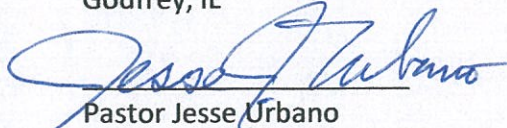

Respectfully,

Gospel of the Kingdom Campground Trustees

  
Pastor Alfred Dave  
Godfrey, IL

  
Pastor David Emmons
